East Marden students have the skills to enable them to be successful and responsible citizens of the 21st Century through...

**Literacy**
- All students R-7 read at or above the SEA (Standard of Educational Achievement) and demonstrate proficient levels of comprehension.
- All students R-7 write at or above appropriate year level, or have a targeted program to support them to achieve this goal.

**Numeracy**
- Implementation of Whole school Numeracy agreement across all year levels using the strategies listed.
- 3/5/7 students achieving in higher bands in NAPLAN and we are retaining more of our students in the top two NAPLAN skill bands from Years 3 to 7.

**Innovative Teaching**
- All students access innovative teaching and learning and develop skills to participate in the 21st century through an inquiry approach.
- All teachers participate in professional learning to develop common knowledge base and language targeted at inquiry pedagogy with ICT integration.
